M

RÈGLES

- Pour 4 à 8 joueurs
- Les cartes faciles sont pour les joueurs de 6 ans et plus; les cartes difficiles sont pour les joueurs de plus de 8 ans
- Dans le jeu, il y a 2 niveaux : les cartes faciles sont de couleur violette et les difficiles sont de couleur rouge
- Le but du jeu est d'avoir le plus de paires
- Pour l'installation, mettre les cartes sur la table face cachée

Déroulement

- Faire des équipes
- Quelqu'un de l'équipe 1 prend une carte et la décrit en anglais (ou dans une autre langue) à son équipe
- Les autres personnes de l'équipe devinent le mot en slovène ou en français (ou dans d'autres langues). Après avoir trouvé le mot, vous devez trouver la même carte. Vous avez seulement 2 minutes
- Si l'équipe ne trouve pas la même carte, la seconde équipe joue sinon l'équipe 1 rejoue
- Le jeu est fini quand il n'y a plus de carte sur la table
- L'équipe qui a le plus de paires gagne.

PRAVILA

- Za 4 do 8 igralcev.
- V tej igri sta dve ravni. Enostavna z vijoličnimi kartami in težka z rdečimi.
- Enostavne karte so za igralce 6+, zahtevne karte pa za 8+.
- Cilj te igre je imeti največ parov.
- Za začetek igre kartice postavite na mizo, tako da so slike skrite.

Potek igre

- Sestavite ekipe.
- Nekdo iz ekipe povleče kartico in jo v angleščini (ali katerem koli drugem jeziku) opiše svoji ekipi.
- Drugi iz te ekipe ugibajo besedo v slovenščini ali francoščini (ali drugih jezikih). Ko najdejo besedo, morajo najti enako karto. Na voljo imajo 2 minuti.
- Če ekipa ne najde para, je na vrsti za igro druga ekipa.
- Konec igre je, ko na mizi ni več kart.
- Zmaga ekipa, ki ima največ parov.

RULES

- For 4 to 8 players.
- The easy cards are for players 6+, the difficult cards are for 8+.
- In this game, there are two levels. An easy one with the purple cards and a difficult one with the red cards.
- The goal of this game is to have the most pairs.
- To begin, put the cards on a table so that the pictures are hidden.

The process

- Make teams.
- Someone from the team 1 draws a card and describes the card in English (or any other language) to their team.
- Other people from this team guess the word in Slovenian or French (or other languages). After having found the word, you have to find the same card. You'll only have 2 minutes.
- If the team doesn't find the same card, the second team plays. Otherwise, the team 1 plays again.
- The end of the game is when there are no cards left on the table.
- The team who has the most pairs wins.

About Game of Languages

With the Game of Languages project, we wanted to enable youth and youth workers to gain competences in a playful way. The project was developed from two key ideas: that languages are more inclusive than people themselves and that we learn a lot of different things through games (eg. communication, social skills, collaboration ...) that are important in everyday life.

Through playing and creating their own board games, participants improved their competences in finding and developing creative ideas, learning, team work, communication skills, learned the basics of French and Slovene and became more self-confident and independent.

The youth exchange involved 18 young people and 4 youth leaders from Slovenia and France. During the exchange, participants created 2 board games and a sports game (energiser) that include the languages of all participants and English.
